**RAPID PRINT SPEED**  
Faster reproduction speed at 14 A1 Prints per minute reduces customer response time and improves overall operational efficiency

**ODORLESS SYSTEM**  
The NEW Non-Ammonia system utilizes Odorless Solution (OS) that develops prints with no odor, allowing machine to be placed in enclosed office space

**COST REDUCTION**  
Lower production cost is achieved through low machine price, few spareparts items, minimal maintenance, and absence of consumables
